**Subject:** City district elections comment -- mayor still should be elected at large

Dear Mayor Patino and Other Council Members,

We moved to Santa Maria from Los Angeles in September to retire and have been enjoying the beautiful countryside and friendly people.

We would prefer to retain the current at-large City Council elections, but if a district system is to be imposed, we ask that the mayor's position continue to be elected at large, so that all the voters in the city would have a say. The other four Council members could then be elected by district.

Sincerely yours,  
Hunter and Carla Jameson
