4. APPOINTMENTS TO THE BLOCK GRANTS ADVISORY COMMITTEE.

Chief Deputy City Clerk Garietz gave a presentation as detailed in the Council Agenda Report. The Council was asked to make appointments to the Block Grants Advisory Committee.

Public Input

There were no requests to speak.

Block Grants Advisory Committee

With two (2) vacancies on the committee, applications were received from Cassandra Bennett, Kathy Hayes, Steve Lopez, Sharon McConnell, and Rosario Sagisi.

Mayor Patino nominated Rosario Sagisi.

Councilmember Waterfield indicated that she would like to postpone her nomination.

Mayor Patino accepted the nomination of Rosario Sagisi; and on motion by Mayor Patino to accept the nomination, seconded by Councilmember Waterfield, Ms. Sagisi was appointed to the Block Grants Advisory Committee to serve a term of three (3) years each ending in July 2020, and carried unanimously: 5-0

As Councilmember Waterfield postponed her nomination, staff will continue to advertise the remaining vacancy on the Block Grants Advisory Committee until filled.

5. CONCEPTUAL REVIEW OF PROPOSED SENIOR APARTMENTS AT 1141 WEST COX LANE.

The City Council considered a conceptual review of proposed senior apartments at 1141 West Cox Lane.

Laurie Tamura with Urban Planning Concepts spoke on behalf of the applicant, Joe Halsell and Halsell Builders. She indicated that the site was located near the northeast corner of Blosser Road and Cox Lane. The site is 1.3 acres with about 3,000 square feet of various structures and a single home on it. The proposal would be to rezone the site to (R-3) High Density Residential to allow for 30 single-unit senior housing bungalows. Each unit would be a 550 square foot bungalow with one bedroom, a small kitchenette, living room, and handicapped accessible bathroom. The project would provide affordable senior housing in the north side of town and would be constructed by Halsell Builders. With Council's input, the applicant would like to go forward putting in an application to begin the project.

Councilmember Boysen asked if the buildings on the property were currently being used.

Ms. Tamura responded that there had previously been a horse ranch on the property.

Councilmember Cordero asked what types of transportation would be available to the senior residents.

Ms. Tamura responded that there would be an on-site manager to help coordinate transportation and that residents would have access to the SMOOTH and SMAT systems.

Councilmember Waterfield asked for clarification on parking availability and if there would be a sound wall on Blosser. She expressed concerns that the age requirement to reside in the units would start at 62 years, and that people that age would still be driving for many more years; therefore, additional parking would be needed for possibly two seniors per unit.

Ms. Tamura stated the applicant would be proposing 15 parking spaces. She also said there was currently a block wall on Blosser that may need to be raised. The backs of the units would back onto Blosser with small windows for ventilation and each unit would have solar panels for electricity.

Councilmember Moats asked how many tenants would be allowed and what the rent would cost. He also asked how many street entrances there would be to the property.

Ms. Tamura responded that each bungalow would allow for one to two residents. The rent would be determined by the applicant at a later date, and there was enough room to add a second access to the property, if needed.

Councilmember Boysen commented that the property seemed isolated and limited in parking and that all the surrounding property was R-1 zoning. He said he would be more comfortable if there were 20 parking spaces and asked if there was on-street parking.

Ms. Tamura replied that there was on-street parking on Cox Lane.

Applicant Joe Halsell assured the Council that residents would have services available to them. He stated his group had met with representatives from the Fire Department and that there would be two fire hydrants available: one on Joy and one on Cox eliminating the need for a turn-around driveway in the project. He added that his group had also been working with an affordable housing consultant and the units would be affordable with voluntary services, thus below market rate.

Councilmember Boysen expressed support for Halsell Builders working with an affordable housing consultant for the project.

Public input.

Ernest Armenta expressed concerns regarding placing senior housing near single family homes and possible conflicts arising from noise.

Council discussion.

There was a general consensus that the City Council liked the project, but were concerned about parking. It was suggested that the applicant consider increasing the parking availability.

6. FOURTH QUARTER FINANCIAL REPORT 2016-17. The City Council considered the Quarterly Financial Report for the fourth quarter of 2016-2017. Director of Finance Harvey gave a presentation as detailed in the Council Agenda Report. The report focused primarily on the General Fund (including Measure U) and the Enterprise Funds. The beginning fund balance of \$10.1 million was the final audited fund balance as of July 1, 2016. Four out of five primary revenue sources exceeded prior fiscal year receipts. Licenses, permits, and fees had the largest gain at \$2.7 million (94 percent greater than the prior year). Construction permits associated with the Enos Ranch Development and Windset Farms Projects were the primary reason for this significant increase. Property tax revenue surpassed the prior year by \$1.1 million. NHIS receipts totaled \$1.6 million. However, NHIS excavation activities dropped significantly and are not expected to change much in the coming year.

Sales tax revenues were approximately three percent lower than the prior year, and is showing a steady decrease each year. However, the variance is a timing issue due to the end of the Triple Flip. Under the Triple Flip, one quarter of the City's sales tax revenues were retained by the State to guarantee their bond payments and, later in the year, the State reimbursed the City through property tax revenues that were meant for the schools. The Triple Flip ended in December of 2015; the final payment of \$2.6 million was reported in June 2016 which means that this year's sales tax receipts were 100 percent of sales tax earned through June of this fiscal year as compared to 103 percent of sales tax reported in 2015-16. Had the triple flip not occurred, sales tax would have shown a quarter to quarter increase of 3.6 percent.

General Fund expenditures are at 95.6 percent of budget, and include \$2.5 million in salary savings from various staff vacancies.

The previously anticipated \$2.6 million transfer from the Local Economic Augmentation Fund (LEAF) may not be needed to maintain a General Fund balance of \$10.1 million. It should be noted that LEAF reserves are intended to address severe shortfalls in revenue that are temporary in nature. The current reserve balance of \$6.6 million in LEAF funds is not sufficient to mitigate the acceleration of ongoing pension and operating costs the City is facing.

Measure U revenues through the fourth quarter are at 98.7 percent or \$4.3 million. Expenditures are at 99.9 percent or \$4.4 million.

In the Enterprise Funds, the water/wastewater revenues exceed expenditures by \$12.1 million. Revenues included State Water reimbursement fees of \$2.6 million, and \$1.6 million in one-time water sales to Montecito and Goleta. Expenditures included the semi-annual debt service payment of \$4.6 million of principle and interest on the 2012AB Refunding Bonds.

Regarding the Solid Waste Fund, revenues exceeded expenditures by about \$1.1 million. These numbers are unaudited, but do provide an overview of how the City ended the fiscal year.

Councilmember Moats asked if the City would receive more NHIS revenue because of the Tank Farm project in San Luis Obispo.

Finance Director Harvey responded it was possible; however, the project had started and then stopped so a determination could not be made at this time.

Public Input

Ernest Armenta commented that he did not understand the financial report, and asked for clarification on the City's financial crisis. He also commented that the City had not built new fire stations as promised and he suggested moving employees in Tier 1 of the retirement system to Tiers 2 and 3.

Council discussion

There was no Council discussion.

The Fourth Quarter Financial Report for 2016-17 was received and order filed with the office of the Chief Deputy City Clerk.

REPORT BY CITY MANAGER:

City Manager Haydon reported the next City Council meeting would be September 5, 2017, and would begin at its new regular start time of 5:30 p.m. Items on the agenda would include two proclamations; a countywide library agreement with Santa Barbara County; and the first reading of an ordinance amending the current massage ordinance.

City Manager Haydon addressed Mr. Armenta's question about the City's finances. In this current fiscal year, the City is facing a \$5.6 million deficit. This is being addressed using \$2.6 million in one-time financing. Staff positions are being kept vacant when they become open. This may allow for a salary savings of roughly \$2 million. Operating expenses have been reduced by about \$400,000, leaving about a \$700,000 deficit which will be addressed when the City begins discussion with the employee bargaining groups. Regarding shifting 60 percent of employees from Tier 1 to Tier 2 or 3, the City is engaging with those in Sacramento to have those types of discussions with CalPERS to consider making the PEPRA requirements consistent with Tier 1 employees.

Mr. Haydon added that the City had built and staffed two fire stations in the last five years with Measure U funding. In addition, Oakley Park had been remodeled and Buena Vista Park was also being remodeled. Also, the damaged equipment at Armstrong Park is scheduled to be rehabilitated and/or replaced.

ORAL REPORTS OF COUNCILMEMBERS AND OFFICERS (INCLUDING AB1234 REPORTS):

Councilmember Boysen indicated that he did not have any AB1234 reports to disclose.

Councilmember Waterfield reported that she attended a LAFCO meeting; a Police Department swearing-in of a new officer; an SBCAG meeting; a 100-year birthday party; the Chamber of Commerce Annual Installation Dinner; a Habitat for Humanity event; and the Mayor's Task Force on Youth Safety Meeting.

Councilmember Moats reported that he attended the Chamber of Commerce Installation Dinner.

Councilmember Cordero reported that he attended the Police Department swearing-in of a new officer and the Mayor's Task Force on Youth Safety Meeting.

Mayor Patino reported that she attended the Police Department swearing-in of a new officer and the Mayor's Task Force on Youth Safety Meeting. She also reminded everyone of the new start time of 5:30 p.m. for the next Council meeting.
