Unless otherwise directed, all communications regarding this Request for Proposals should be directed to the City of Santa Maria Project Planner, Frank Albro at (805) 925-0951 ext. 2379.

Any revisions to the Request for Proposals will be issued and distributed as Addenda. Failure to adhere to this policy may be grounds for rejection of proposal.

1.3 Important Notice
The City of Santa Maria will not be responsible for oral interpretations given by any City employee, representative, or others. Bidders are cautioned that any statements made that materially change any portion of the proposal documents shall not be relied upon unless subsequently ratified by a formal written amendment to the proposal document. The issuance of a written addendum is the only official method whereby interpretation, clarification, or additional information can be given. If any addenda are issued to this Request for Proposals, the City will attempt to notify all prospective bidders who have secured same. However, it will be the responsibility of each prospective bidder, prior to submitting its proposal, to contact Frank Albro, City of Santa Maria, 110 S. Any proposal may be withdrawn at any time prior to the time fixed in the public notice for the receipt of proposals only by written request filed with the Project Planner, Frank Albro. The request shall be executed by the offeror or his duly authorized representative. The withdrawal of a proposal does not prejudice the right of the offeror to file a new proposal. No proposal may be withdrawn after the time fixed in the public notice for the receipt of proposals.

1.7 Rejection of Proposals

Failure to meet the requirements of the Request for Proposals (RFP) will be cause for rejection of the proposal. The City may reject the proposal if it is incomplete, contains irregularities of any kind, or is offered conditionally. The City reserves the right to reject any and all proposals without cause.

The proposal is to be prepared in such a way as to provide a straightforward, concise delineation of the information requested. Proposals which contain false or misleading statements, or which do not support an attribute or condition claimed by the proposer, may be cause for rejection of the proposal. If, in the sole opinion of the City, such information was intended to mislead the City in its evaluation of the proposal, it will be cause for rejection of the proposal.

1.8 Evaluation/Award of Contract

Evaluation and selection of proposals will be based on the qualifications and evaluation criteria outlined in the RFP. Brochures or other promotional presentations beyond that which is deemed sufficient to submit a complete and effective proposal are not desired. Elaborate artwork, expensive paper or binders, and expensive visuals are not necessary and will not affect the evaluation process.

The City of Santa Maria reserves the right to make the selection of a proposer based on any or all factors of value, whether quantitatively identifiable or not, including, but not limited to, the anticipate initiative and ability of the proposer to perform the services set forth herein.

The City of Santa Maria reserves the right to reject any or all proposals, to waive any requirements, both the City's and those proposed by the proposer; to waive any irregularities or informalities in any proposal or the RFP process when it is in the best interest of the City to do so; to negotiate for the modification of any proposal with mutual consent of the proposer; to re-advertise for proposals, if desired; to sit and act as sole judge of the merit and qualifications of the service offered; and to evaluate in its absolute discretion, the proposal of each proposer, so as to select the proposer which best serves the requirements of the City, thus providing that the best interest of the City will be served. Proposer's past performance, and the City's assurance that each proposer will provide service as bid, will be taken into consideration when proposals are being evaluated.
The City may make such investigation as it deems necessary to determine the ability of a proposer to furnish the required services, and the proposer will furnish to the City all such information and data for this purpose as the City may request. The City reserves the right to reject any proposal if the evidence submitted by, or investigation of, such proposer fails to satisfy the City that such proposer is properly qualified to carry out the obligations of a contract and to deliver the services contemplated herein or the bid of any bidder who has previously failed to perform properly, or complete on time, contracts of a similar nature. Any material misrepresentation or material falsification of information provided to the City in the proposer's bid submission, or at any point in the bid evaluation process, including any interview conducted, is grounds for rejection of the bid. In the event that the misrepresentation or falsification is not discovered until after any agreement is awarded, the agreement may be terminated at that time. A determination as to whether a misrepresentation or falsification of the bid submission is material shall be made solely in the exercise of the City's sole discretion. The City expressly reserves the right to reject the bid of any bidder who is in default on the payment of taxes, licenses, or other monies due the City of Santa Maria.

The Consultant shall defend, indemnify and hold harmless the City, its officers and employees from all claims, demands, damages, costs, expenses, judgments, attorney fees, liabilities or other losses that may be asserted by any person or entity, and that arise out of or are made in connection with the acts or omissions relating to the performance of any duty, obligation, or work hereunder. The obligation to indemnify shall be effective and shall extend to all such claims and losses, in their entirety, even when such claims or losses arise from the comparative negligence of the City, its officers and employees. However, this indemnity will not extend to any claims or losses arising out of the sole negligence or willful misconduct of the County, its officers and employees.

SECTION 2 – PROJECT OVERVIEW
2.1 Introduction

Dan Blough, would like to obtain City Council authorization to process a Specific Plan Amendment, General Plan Amendment, and Zone Change of agricultural land located at 1955 ‘A’ Street within the Area 9 Specific Plan (Attachment 1). The project site consists of two parcels (APN: 117-770-001, -051) bound by ‘A’ Street to the east with single family residences across the street, existing industrial uses that were annexed from the County of Santa Barbara to the south, Windset Farms to the west, and additional agricultural land to the north. Environmental Impact Report is necessary, since this is a significant change from what was planned and studied under the EIR for the Area 9 Specific Plan. Please see Attachment 2 for the proposed development concept plans.

Currently, the 134 acre project site consists of approximately 76 acres of PD/CPO (Planned Development/Commercial Professional Office) zoned land along the eastern portion of the project site, adjacent to ‘A’ Street and 58 acres of PD/M-1 (Planned Development/Light Manufacturing) zoned land along the western portion of the project site, adjacent to Windset Farms.

The applicant proposes to rezone the area to approximately 23 acres of PD/R-3 (Planned Development/High Density Residential) located along the eastern boundary fronting ‘A’ Street with a three-acre portion of PD/PF (Planned Development/Public Facilities) designated area, and apply the PD/M-1 designation for the remainder of the area currently PD/CPO. The Adopted Environmental Document and Specific Plan are available on the City of Santa Maria website (FEIR and Specific Plan).

The two parcels are proposed to be subdivided (see the conceptual site layout included in the Attachment 2 plan set). The proposed subdivision of Parcel One consists of 19 industrial lots on approximately 32 Acres along the northern and western boundaries of the exiting parcel. Twelve H2A Workforce Housing Dormitories are proposed for the northern 12 lots which comprise approximately 19 acres of the larger parcel. These buildings are to be industrial shell buildings, with interiors designed to house up to 3,680 individuals, but then be easily converted to industrial use if and when the H2A dormitory use is no longer needed. The subdivision of Parcel Two includes 34 industrial lots, one lot for public facilities, one 9-acre basin parcel, and the 23 acre area proposed for PD/R-3 development.

It is anticipated that an Environmental Impact Report is necessary, as the project is a significant change from what was planned and studied under the EIR for the Area 9 Specific Plan.

2.2 Scope of Work

The consultant will determine the appropriate environmental document for the project, and prepare said document in compliance with the California Environmental Quality Act (CEQA) and the State CEQA Guidelines.
2.3 Meetings and Hearings

The consultant shall include costs for attending at least six (6) meetings, including one (1) kickoff meeting, two (2) in-process meetings, one (1) Planning Commission study session, and two (2) public hearings. The consultant shall be prepared to respond to questions, make presentations and/or participate in an advisory capacity at the above. The costs for attending public meetings/hearings shall be itemized and attendance at additional meetings is to be considered an option to be exercised by the City.

2.4 Deliverables

The following work products are required:

- One (1) electronic copy of the Administrative Draft Environmental Document.

- Up to forty (40) copies of the Response to Comments shall be mailed directly to the commentators at least ten (10) working days prior to the City Council public hearing on the Final Environmental Document.
- Ten (10) printed copies and Ten (10) Compact Disk copies (pdf format) of the Final Environmental Document.

The final Environmental Document includes the full text of the Draft Environmental Document plus the Responses and Comments on the Draft. The consultant will be responsible for all printing costs. A Compact Disk containing the appendices may be attached to any of the printed copies noted above.

2.5 Contract Amount and Payment Schedule

The consultant shall prepare a fixed cost estimate for the services requested in this RFP. The estimate is to include the extent of work that the consultant will accomplish. Additional community meetings and public hearings beyond the number specified in this RFP are to be bid on a time and materials per meeting basis. Preparation of documents shall be proposed based on deliverable products.

The payment schedule is as follows: 10% after contract signing; 40% after delivery of the Draft Environmental Document for public distribution; 25% after delivery of the Final Environmental Document; and 25% after certification of the Final Environmental Document by the City Council. Percentages and time of distribution may be negotiated as part of the final contract.

2.6 Acceptance of Proposal Content

If a contract is awarded as a result of a response to this request, the City will select the successful individual or firm as quickly as possible after the final date for receipt of the proposals. However, the final award is contingent upon successful
contract(s) negotiation. Bidders should be aware that methods and procedures proposed are likely to become contractual obligations.

2.7 Inquiries

Inquiries must be submitted in writing. City shall attempt to provide material information to all potential proposers. Proposers rely on oral information at their own peril. Direct all inquiries to Frank Albro, Senior Planner at (805) 925-0951, ext. 2244.

The proposal shall include a table which specifies the following for each task: assigned personnel, number of hours to be spent, rate/hours, total cost. This table shall be divided to show the costs related to the Environmental Document.

3.6 Scope Revisions

The consultant is encouraged to contribute creative ideas to this scope of work. If the consultant identifies areas of concern or alternative methodologies not mentioned in this request, they should be described in the consultant’s proposal and included in the cost estimate.
