

SHEPARD HALL VIDEO SERVICES

Santa Maria Community Television and the Santa Maria Public Library offer three-camera video coverage of meetings and events originating from Shepard Hall. A City technician operates three remote-controlled cameras, and up to four dedicated microphones. PowerPoint presentations or other media that are linked to the projector in Shepard Hall can be incorporated in the program. Included in the service is a package of basic graphics that provides for an opening title page, and up to six two-line graphics, that can be displayed in the lower third of the TV frame to identify the names and titles of those who are speaking on camera.

Cost for video services:

Basic package - \$54.00 per hour, with a two-hour minimum.

Additional hours are \$54.00 each.

DVD copies can be ordered at \$5.00 each.

Included in the cost is an MPEG4 video file of the program, available on a same-day basis. Additional graphics or post-production editing are not included in the basic package. Fees must be paid in advance, and bookings must be scheduled at least two (2) weeks in advance, but not more than three (3) months in advance.
