

CITY OF SANTA MARIA

REQUEST FOR PROPOSALS

RECYCLING PARK OPERATION AND MANAGEMENT

ADDENDUM NO. 1

**DATE ISSUED
JULY 27, 2021**

Issuing Office:
City of Santa Maria
Utilities Department
2065 East Main Street
Santa Maria, CA 93454

MANDATORY SITE VISIT – SECOND OPTION OFFERED BY CITY

A second date for the Mandatory Site Visit has been scheduled for Wednesday, August 4, 2021 at 8:30 a.m. local time at the Utilities Department Administration Building located at 2065 East Main Street, Santa Maria, California.

Potential proposers are not required to attend both offered dates, but must attend *at least one* mandatory session, which will be used to establish a list of proposers eligible to participate in this RFP process.

The visit will familiarize firms with the City, allow the City to answer questions regarding the RFP, discuss any technicalities of the proposed scope of services, allow proposers to assess site conditions.

Qualified contractors or teams intent on submitting a proposal must have their site visit representative arrive on time for at least one of the site visits and remain for the entire duration of the meeting.

All respondents must be signed-in at one of the mandatory site visits to continue in the RFP process. This rule will be strictly adhered to without exception or consideration of cause. Under no circumstances will a proposer's request for an alternative pre-proposal site visit be granted.

Failure to attend this site visit will render a proposal non-responsive and any proposal submitted by proposers which were not represented at this mandatory site visit will be rejected.
