A. New Probation is defined as a new or re-employed employee in both full-time and part-time classifications shall be placed on probation for twenty-six (26) completed pay periods from the date of employment.

(MOU 05-21-19)

(MOU 05-21-19)

C. Upon promotion to a classification requiring a specific certification(s) as a minimum requirement, a full-time employee shall be placed on an initial twenty-six (26) completed pay period promotional probation if said employee does not possess the required certification but meets and maintains all other minimum requirements. After promotion, the department head shall grant completion of probation and advancement to regular status prior to the end of the twenty-six (26) completed pay period promotional probationary period, under the following conditions:

(MOU 05-21-19)

1. The employee has maintained an overall satisfactory level of performance; and
2. A minimum of thirteen (13) completed pay periods of promotional probation has been served; and

They shall be placed at the same step of their former appointment, prior to promotion. If they have not held regular status in said specific classification (not a classification series), then a new thirteen (13) completed pay period probationary period shall be completed.

(MOU 04-03-18)

E. The City is committed to seeking a reassignment for said full-time employee, however, in the event no vacancy exists for which the employee qualifies, the employee shall be placed on a re-employment list for a period of one year from the date of separation, for the classification they held prior to promotion. Vacant positions in such classifications will be offered to eligibles on the re-employment list that qualify for such vacancies prior to an open or promotional recruitment.

Insofar as practicable, the fifteen-minute period shall commence in the middle of each four-hour work period and shall begin when work stops at the work site and work shall begin fifteen minutes later at the work site. For work periods more than five hours in a day but less than eight hours in a day, there shall be one fifteen-minute break in addition to the unpaid meal period and shall begin when work stops at the work site and work shall begin fifteen minutes later at the work site.

However, should adequate coverage or staffing become an issue in these above areas, the City retains the right to discontinue the alternative work schedule upon notice to the union.

(MOU 04-03-18)

B. If coverage becomes an issue, in an effort to keep current hours of operation consistent, employees' work schedules will be adjusted to continue current hours of operation. This will be done in reverse seniority issue.

(MOU 05-21-19)

C. The City also agrees to extend to Landfill personnel the opportunity to go to a 4/10 work schedule. However, should adequate coverage or staffing become an issue in these above areas, the City retains its right to discontinue the alternative work schedule upon notice to the union. The City retains the right to continue (or discontinue if the program continues) the 4/10 alternative work schedule upon two weeks' notice to the union.

(Side Letter 2020-01)

Section 3.06 Layoff Procedure

(See CAM 1979-2)

A. Purpose: To provide a means by which employees are to be demoted or laid off when a reduction in force occurs. The City reserves, retains, and is vested with solely and exclusively, the right to determine which employee(s) to lay off in accordance with the below procedures.

B. Non-Discrimination in Reduction in Force: Layoffs and demotions which result from a reduction in force shall be made without regard to an employee's actual or perceived race, color, religion, sex, sexual orientation, marital status, registered domestic partner status, national origin, ancestry, physical or mental disability, medical condition, age, or any other basis protected by California or federal law.

C. Employee Evaluation Performance Rating Categories: Where employee evaluation forms are used, those evaluations that have been presented to the employee within the last two years from the date of layoff shall be used. For purposes of this Layoff Section only, should no evaluations be given to an employee within the last two years from the date of layoff, the assumption will be (for purposes of layoff) that the employee is performing at an acceptable rating level. Employees with a rating of "Unacceptable" shall be demoted or laid off first; those with a rating of "Acceptable Minus/Improvement Needed" second; those with a rating of "Acceptable" third; those with a rating of "Acceptable Plus" fourth; and those in the "Superior" category last.

D. Determining Length of Seniority:

The following shall define seniority for the purposes of Layoff Section 3.06.

1. In determining continuous Citywide service seniority, all uninterrupted full-time employment including periods of authorized leaves of absence, periods of employment prior to a previous layoff, in a full-time budgeted position, shall be counted as continuous Citywide service seniority for full-time employees. Time served as a part-time employee or employment under a Federal program, shall not be credited toward full-time seniority for this purpose.
2. With regard to part-time seniority, all uninterrupted part-time employment including periods of authorized leaves of absence, periods of employment prior to a previous layoff, in a part-time budgeted position, shall be counted as continuous Citywide service seniority for part-time employees. However, part-time employees that previously held regular status in a full-time position, in determining continuous part-time Citywide service seniority both part-time service and prior full-time service shall be counted as continuous Citywide service if all employment was uninterrupted.

(MOU 12-20-11)

3. When both full-time and part-time employees are qualified for a part-time position, seniority order shall be determined by whichever employee has the most continuous citywide service based on the following:
 - a. Full-time employees are provided one year of service credit for every twelve (12) months of continuous full-time service with the City, as further defined in 3.06 D 1. above.
 - b. Part-time employees are provided eight-tenths (0.8) years of service credit for every twelve (12) months of continuous part-time service with the City, as further defined in 3.06 D. 2 above.

(MOU 12-20-11)

4. The timing for employees to exercise their below options shall be made within 48 hours of official notification from the City. Said time requirements may be extended at the discretion of the City.

(MOU 12-20-11)

PHASE I

E. Transfer/Demote to Vacancy:

1. Prior to initiating Sections 3.06 F and 3.06 G, the City will transfer/demote any full-time employee, who has been employed by the City in a full-time capacity for less than twenty years and is to be affected by a reduction in force, to another full-time vacant position for which such employee may qualify, prior to initiating the below procedures. For a full-time employee with twenty years or more of full-time City service who is affected by a reduction in force, Section 3.06 E herein will not apply.

2. Prior to initiating Sections 3.06 F and 3.06 G, the City will transfer/demote any part-time employee, who has been employed by the City in a part-time capacity for less than twenty years and is to be affected by a reduction in force, to another part-time vacant position for which such employee may qualify, prior to initiating the below procedures. For a part-time employee with twenty years or more of part-time City service who is affected by a reduction in force, Section 3.06 E herein will not apply.

(MOU 12-20-11)

3. In situations where both full-time and part-time employees are affected by a reduction in force, preference to transfer/demote to vacant positions will be given as follows:

- a. In situations where more than one employee is affected by a reduction in force and are qualified to transfer to a vacant position(s), the employee with the most continuous Citywide service, if qualified, shall be the first qualified employee to be transferred/demoted.

(MOU 12-20-11)

- b. Performance will be considered first, for employees with less than three years continuous service with the City.

4. Employees who are transferred/demoted into a vacant position and are in a (layoff) probationary status pursuant to this section, will not be subject to being bumped by an employee who has less seniority while s/he is in a (layoff) probationary status.

(MOU 12-20-11)

PHASE II

- F. Order of Reduction in Force: After exhausting the Transfer Provision as set forth in Section 3.06 E (Phase I) the following procedures will apply.

(MOU 12-20-11)

1. By this section, the City is not abrogating the management rights stated in Section 3.06 A and Section 10.06; nor abrogating any other management right not specifically addressed herein. Once the City has determined which position will be affected by a layoff, prior to laying off City employees, the City will give consideration to reducing temporary agency staffing (non-City employees) that are employed through an employment agency, whom are performing similar work to the position determined to be affected by a lay off. In a reduction in force situation, the following layoff shall be followed:

(MOU 12-20-11)

- a. In situations where more than one employee is affected by a reduction in force and are qualified to transfer to a vacant position(s), the employee with the most continuous Citywide service, shall be the first qualified employee eligible to be transferred/demoted.

(MOU 12-20-11)

2. Probationary employees with the lowest overall job performance rating category in the affected classifications (Citywide) shall be laid off first and the affected laid-off probationary employee shall exercise their option to demote pursuant to Section 3.06 E; if identical for two or more

employees, then by the employee with the least Citywide seniority, if still equal then by non-discriminatory random selection (such as lottery).

(MOU 12-20-11)

3. Should there be need for further reduction; regular employees in the affected classifications (Citywide) shall be laid off in the following order:
 - a. For employees with less than three years of Citywide service as defined by the Determining Length of Seniority section above, the employee with the overall lowest performance rating shall be laid off first and the affected laid-off employee shall exercise their option to demote pursuant to Section 3.06 E; if identical for two or more employees, then by the employee with the least Citywide seniority; if still identical, then by length of service in existing classification; if still identical, then departmental seniority in the affected department, if still equal then by non-discriminatory random selection (such as a lottery).
 - b. For employees with three years or more of Citywide service, as defined by the Determining Length of Seniority section above, the employee with the least continuous Citywide seniority shall be laid off first and the affected laid-off probationary employee shall exercise their option to demote pursuant to Section 3.06 E; if identical for two or more employees, then by the employee with the lowest overall performance rating; if still identical, then by length of service in existing classification; if still identical, then departmental seniority in the affected department, if still equal then by non-discriminatory random selection (such as a lottery).

(MOU 12-20-11)

PHASE III.

- G. Bumping: After exhausting the Transfer Provision as set forth in Section 3.06 E (Phase I) and exhausting the Order of Reduction in Force as set forth in Section 3.06 F(Phase II), the following bumping procedures will apply.

(MOU 12-20-11)

1. An employee designated to be laid off (as a result of the Order of Reduction in Force above), may bump into the next lower classification for which the employee is qualified within the same department, if the employee has previously held regular status in such classification with the City. An employee who is bumped shall be laid off in the same manner as an employee whose position is abolished.
 2. Employees who have not actually held status in a lower classification shall be allowed to first demote to a vacant Citywide position (Phase I) in an equal or lower classification (salary range), or second to a Citywide position held by a City (new hire) probationary employee (Phase II) in such lower class for which they are qualified but may not bump regular City employees already in the lower classification.
- (MOU 12-20-11)
3. Should there be no position to demote to (no vacant position for which the employee is qualified, or no position to bump into), said employee shall be subject to lay off.

H. Notice: The appointing authority shall send written notice to the last known address of each employee affected by a layoff at least thirty (30) working days prior to the effective date of the action. The notice shall include the:

(a) reason for the layoff; (b) classes to which the employee may demote, if any; (c) effective date of the action; (d) appeal rights of the employee; and (e) conditions governing retention on and reinstatement from re-employment lists.

I. Payoff of Accruals upon Layoff: Laid off employees are to be paid for all accrued holidays, vacation, personal leave time, compensatory time, and overtime when separated as a result of layoff.

J. Reinstatement of Employees Demoted: Employees with three or more years of service who are demoted as a result of a reduction in force shall have their names placed on a classification reinstatement list, in the order of their seniority. For those with less than three years of Citywide service, their reinstatement will be based upon the performance evaluations. Vacant positions within a classification shall first be offered to employees on this reinstatement list.

K. Re-Employment of Employees Laid Off: Employees who are laid off and who held probationary or regular City status at the time of layoff shall have their names placed on a re-employment list for classifications in which they previously held status and for classifications at the same or lower salary range for which they qualify in the order of their classification seniority (for those with three or more years in the classification). For those with less than three years of Citywide service, their re-employment will be based upon the performance evaluations. Vacant positions in such classifications will be offered to eligibles on the re-employment list that qualify for such vacancies prior to an open or promotional recruitment.

1. Once a person on a reinstatement/re-employment list is rehired to a regular position as a result of his/her reinstatement/re-employment rights, his/her name shall be removed from said list for the classification which he/she was re-employed and from all reinstatement/re-employment lists for classifications at the same or lower salary range of the classification in which he/she was re-employed.

L. Duration of Reinstatement and Re-employment Lists: The eligibility of individuals on the reinstatement and re-employment lists shall extend for a period of one year from the initial date of demotion or layoff. Eligibles not responding to written notification of an opening within fifteen working days from the date the notice is mailed to them shall have their names removed from either the reinstatement or re-employment lists.

1. An individual's name may be removed from the reinstatement/re-employment list if any of the following occur:

a. The individual indicates that he/she will be unable to return to employment with the City during the life of the list; or

b. The individual cannot be reached after reasonable efforts have been made to do so. The City shall utilize certified mail or personal delivery when contacting individuals.

M. Restoration of Benefits upon Re-Employment: Upon re-employment following a reduction in force, a rehired employee will have the following benefits restored:

1. Prior sick leave accrual balances.
 2. Seniority at time of layoff for purposes of determining merit increases, vacation accruals, and future reductions in force.
 3. The salary step paid to an employee who is re-employed shall be equivalent to that which the employee was receiving immediately prior to layoff. If the employee chooses to be re-employed in a classification which has a salary range lower than the classification from which he/she was laid off, then salary placement will be made at a point either equivalent to his/her salary immediately prior to layoff, or, if the maximum of the salary range of the position to which the employee is to be re-employed is less than the employee's salary immediately prior to layoff, then the employee will receive the maximum of the salary range.
- N. Obligation to Serve Probationary Period: A person appointed from a reinstatement or re-employment list must serve a new one-year probationary period in order to attain regular status if they are appointed to a different classification in which he/she has not previously held regular status or are placed in another department. The employee would be eligible for a merit increase after satisfactory completion of six months of employment in the position, subject to the limitations of the salary range.
1. If the employee should fail to pass probation, his/her name shall be placed back on any reinstatement/re-employment list(s) which the employee had initially been on, prior to his/her appointment into the position for the remainder of the initial one-year period.

(MOU 12-20-11)

A. Effective the first full pay period following ratification of this Memorandum of Understanding (MOU), a base salary increase of five percent (5.0%) of the employee's base salary will be given to those unit members in the employ of the City. If this agreement is ratified and adopted by the City Council by February 20, 2024, this increase shall be effective the first full pay period containing January 1, 2024.

(MOU 02-07-24)

B. Effective the first full payroll period containing January 1, 2025, a base salary increase of five percent (5.0%) of the employee's base salary will be given to those unit members in the employ of the City.

(MOU 02-07-24)

Section 4.02 Equity Adjustments

The City and SEIU Local 620 are willing to discuss the topic of equity adjustment during regular labor management meetings. In the event the parties are unable to reach an agreement regarding equity adjustments, SEIU retains the ability to request impasse procedures, including fact-finding.

For 2024 and 2025 the Parties specifically agree to the following process, (to start no later than March 1 of the respective year), to review potential equity adjustments:

At the Union's request, the City will review the salary placement of up to five (5) represented classifications (not including ripple classifications) that meet one or more of the following criteria:

- i. Significant turnover;
- ii. Difficulty recruiting;
- iii. Internal misalignment with classification(s) with similar responsibilities or duties;
- iv. Range or salary compaction; and/or
- v. External misalignment with classification(s) with similar responsibilities or duties within agreed to comparison jurisdictions.

Requests for review will include the following information:

- i. Class(es) to be studied;
- ii. Which criteria set forth above are applicable;
- iii. Supporting data that justifies the request;
- iv. Any known or anticipated compaction or "ripple effects" created by an adjustment;

Section 4.03**Overtime**

(See City Code Sec. 2-20.17 and CAM 76-7)

- A. The City reserves the right to schedule overtime work as required in a manner most advantageous to the City and consistent with the public interest and the requirement of municipal employment. The City further reserves the right to determine appropriate classification for overtime assignment, and those qualified for assignment, and the ability to utilize employees within appropriate classifications from departments other than that requiring the overtime.
- B. All time worked over forty (40) hours per week shall be paid at time and one-half the employee's regular rate of pay. Those employees eligible to receive overtime compensation may receive pay or may elect to receive compensatory time off at a rate equivalent to overtime pay. If required by the terms of a grant, overtime must be compensated as pay.
- C. Incidental overtime is not compensable and may not be credited as overtime. The City compensates employees for overtime based on quarter hour increments. Any time worked in less than half of a quarter hour (e.g., 7½ minutes) will be considered de minimus time and will not be compensated, and any time above half of a quarter hour will be rounded up to a quarter hour.
- D. Every effort shall be made to allow the compensatory time to be utilized in conjunction with the employee's regular scheduled days off.
- E. Working overtime shall require prior authorization or approval. In emergency situations that necessitate working overtime, the employee must notify a supervisor as soon as possible, and in no event later than the end of that day upon which the emergency occurred.
- F. For Full-time Staff: sick, vacation, comp time, MTO, and holidays shall constitute hours worked for the purposes of calculating overtime.
- G. For Part-time Staff: personal leave and holidays shall constitute hours worked for the purposes of calculating overtime.
- H. The employer shall give employees a minimum of a four working day notice on any reduction of a work schedule unless otherwise agreed by mutual consent.

(MOU 05-21-19)

Section 4.04**Conversion of Compensatory Time**

For Full-Time (FT) Employees:

- A. The employee may schedule compensatory time off with the approval of the department head for any compensatory time earned.
- B. The employee shall be paid for accumulated compensatory time when terminating employment with the City.
- C. The maximum accumulation of compensatory time per year shall be one hundred (100) hours.

(MOU 11-03-09)

- D. Represented employees performing at an overall rating of at least acceptable or above are eligible to cash-out up to twenty (20) hours of compensatory time at straight time on one occasion anytime during the calendar year. This cash-out benefit shall be made in accordance with Section 5.04.
- E. When an employee has accumulated the maximum allowable hours of compensatory time, no further compensatory time shall be accumulated, and the employee shall only be eligible for overtime pay in accordance with this MOU.

Section 4.05 Standby

This section shall NOT be applicable to part-time (PT32) employees.

- A. Employees assigned by management to be on standby shall be compensated for standby duty (as opposed to "on call status" assigned by the Court or District Attorney referenced in Section 4.07 On Call or Call Back Time "Overtime" above) at the rate of \$3.00 per hour for each hour required to be on said standby, except that no payment shall be paid if the employee fails to respond when called in.

(FT-MOU 12-16-03)

- B. Standby duty requires that employees are to:

1. Be ready and take immediate steps to respond within a reasonable time to calls for their service (which would exclude anyone on an approved vacation and/or out sick);
2. Be readily available and reachable by telephone or paging device;
3. Remain within a 30-mile radius of the City; and
4. Refrain from activities which might impair their ability to perform their assigned duties.

- C. Employees shall, when called to active duty while on standby, be compensated for such active duty at the rate of time and one-half their regular rate of pay pursuant to MOU Section 4.03 Overtime. Work time for an employee called to active duty while on standby status shall begin at the time the employee is notified and shall continue until the employee stops work. However, when the employee is entitled to call back pay, the employee will not continue to receive standby pay as the employee shall not be compensated for both call back pay and standby pay simultaneously. On occasions when an employee is called back and completes his/her assignment and leaves work, and is then called back again, s/he will not receive another minimum if the return is within the original minimum.

- D. An employee may exchange (trade) all or any portion of a standby duty assignment in a manner consistent with departmental policy, provided that the replacement is a qualified employee. To assure that replacements are qualified employees, it is required that all standby duty exchanges follow procedures set forth in the Department's Operating Policies and Procedures. Outstanding standby duty exchange paybacks are the responsibility of the individuals involved. Standby duty exchanges are not considered "hours worked" and therefore, do not have to be paid back.

1. "Traded" scheduled standby duty assignments will be "traded" in one-week increments unless otherwise provided for in departmental policy. Employees "trading" scheduled standby duty assignments must have either the appropriate supervisor's or manager's approval and must

provide them with notice of said trade at least forty-eight (48) hours prior to the affected assignments. Standby duty compensation will be paid to the employee accepting the traded one-week assignment. Although management will not unreasonably deny such requests, management does retain its rights (under Section 10.06 of this MOU regarding Management Rights and Responsibilities) to administer this program.

2. Notice shall be on a written form acceptable to management which: identifies both employees; specifies the name of the eligible unit employee responsible for the duty; and bears the dated signatures of both employees involved in the trade. Unless otherwise authorized by management, under no circumstance may the same scheduled duty assignment under this section be "traded" more than once. And under no circumstance, unless with the approval of the appropriate supervisor or manager, will an employee "trade" all of their assigned scheduled standby duty and not have to be on standby during a six-month period.

(MOU 01-18-11)

1. An employee who owes standby duty exchange time to another employee shall work for the other employee and will not be allowed to "pay" it back.

ARTICLE IX. GRIEVANCES**Section 9.09 Grievances**

- A. The purpose of this Article is to provide an orderly method for the settlement of a dispute between the City and its employees. Such a dispute shall be defined as a grievance and must be presented within thirty (30) calendar days of the date it occurred or within thirty (30) calendar days of the date the employee could reasonably be expected to have knowledge of the occurrence. An employee may request the assistance of another person of his/her own choosing in preparing and presenting his/her appeal at any level of review. Except for circumstances covered by Section 10.08, grievances shall not be completed during an employee's work hours or using City equipment. (MOU 05-21-19)
- B. All grievances shall be submitted on forms provided by the City.
- C. Should the employee or the City at any step of the grievance require additional time to reply within the stipulated time period, the party requiring the additional time shall notify the other party. A thirty (30) day maximum extension is all that will be allowed unless agreed to by both parties.
- D. Grievances shall be processed in accordance with the following steps, time limits, and conditions herein set forth:
1. Grievance shall be submitted in writing to the immediate supervisor who shall promptly meet and discuss grievance with the employee and reply within ten (10) calendar days.
 2. In the event the decision of the immediate supervisor does not satisfy the grievance, it may be appealed in writing within ten (10) calendar days to the department head who shall within ten (10) calendar days meet and discuss the grievance with the employees. The department head shall reply within ten (10) calendar days his decision and reply in writing.
 3. In the event the employee decides to appeal the department head's decision and request the services of a mediator from the State Mediation and Conciliation Service (SMCS) to assist in mediating the grievance, the employee must address their request in writing to the City Manager within seven (7) calendar days following the date the employee is informed of the department head's decision. Any fees or expenses associated with having SMCS provide a mediator shall be borne equally by the employee and the City.
 4. In the event that the mediation session does not satisfy the grievance, it may be appealed to the City Manager within seven (7) calendar days following the mediation session. The City Manager shall either act as the Hearing Officer in this appeal or appoint a Hearing Officer in his absence. The Hearing Officer shall meet and discuss the grievance with the employee and shall reply at the earliest possible date.

5. However, either the City or the Union may request in writing an alternate hearing officer. This alternative hearing officer shall be chosen with agreement of the City and the Union. If an agreement cannot be reached in ten (10) calendar days after the appeal is filed, the City will request a list of seven (7) experienced hearing officers from the State Mediation and Conciliation Service. Starting with the Union, the hearing officers will be struck from the list until only one remains who will hear the appeal. The cost of the alternative hearing officer will be borne equally by the City and the Union.
 6. The hearing officer shall conduct the hearing as soon as possible at a time and place convenient to the parties and witnesses.
- E. At the conclusion of the hearing, the hearing officer shall submit findings and an advisory recommendation to the City Manager in a timely manner. The City Manager shall, after weighing all the evidence and the findings of the hearing officer, make the final determination of the appeal and submit it in writing to the employee and his/her designated representative within thirty (30) calendar days after receiving the findings from the hearing officer. The City Manager may, if deemed necessary, conduct further evidentiary proceedings upon mutual agreement of the parties. The decision of the City Manager or, if a decision is not served by the City Manager within the thirty (30) days specified, the decision of the hearing officer, shall be final. If the City Manager is the hearing officer, the findings and decision of the City Manager shall be final.
1. However, in the event that the City Manager's decision over-rides the recommendation by the Hearing Officer, then said Hearing Officer fees or expenses shall be borne by the City.
- F. The above grievance procedure is not to be used for the following: achieving changes in wages, hours and working conditions; challenging the content of employee evaluations or performance reviews; challenging the decision to reclassify, layoff, deny reinstatement, or deny a step or merit increase to an employee unless it violates an expressed provision of the MOU or law; challenging discipline, including, but not limited to oral reprimand, written reprimand, punitive transfer, reduction in pay, demotion, suspension, or termination; or challenging examinations or the appointment to positions unless it violates an expressed provision of the MOU or law.
- G. Procedures for pursuing complaints related to the above paragraph may vary. Employees are encouraged to contact their local Union Steward for representation through the Labor/Management Committee.
