

## Things to know...

- Residents may transport up to 5 gallons or 50 pounds of household hazardous waste. Larger amounts must be transported by a certified hazardous waste hauler.
- An exception is allowed for uncontaminated used motor oil, of which customers may haul up to 20 gallons per visit (in maximum 5-gallon sealed containers).

RECYCLE  
USED OIL

and Recovery (CalRecycle)

**RECYCLE**  
*your used*  
**Motor Oil**  
and Used Oil Filters

*It's the right  
thing to do!*

We're all familiar with recycling aluminum cans, plastic bottles, glass and newspapers. But did you know **used motor oil** can be recycled? That's right, it's all part of keeping our groundwater and environment clean and healthy.

## Did you know...?

- Motor oil doesn't wear out—it just gets dirty.
- Recycled oil can be reprocessed and used in furnaces for heat or in power plants to generate electricity for homes.
- Used motor oil can also be refined into lubricating oils that meet the same API specifications as virgin motor oil.
- Recycling is now the preferred way to manage used oil, according to the U.S. Environmental Protection Agency.
- **Santa Maria's HHWF is open** every Wednesday from 10:00 a.m. to 1:00 p.m. and every Saturday from 9:00 a.m. to 3:00 p.m.
- **There is no fee** to drop off residential household hazardous waste.\*
- **Items accepted include:** used motor oil, used oil filters, batteries, antifreeze, pesticides, household cleaning products, and latex and oil-based paints.

\*Disposal of business hazardous waste requires an appointment. Please call 925-0951 ext. 7270. Fees may apply.

# It's easy and it's free!

Bring your used motor oil to the
