Development List Updates

The City of Santa Maria Community Development Department's Planning Division has released an updated summary list and maps of City development activity through July 2014. The information is posted on the City's website at <http://www.cityofsantamaria.org/54328.shtml>.

The new document combines three prior reports (Residential Activity, Non-Residential Activity and Mixed Use Projects) into one. The new report provides the key data that was in each of the three prior reports, with a single comprehensive reference map.

The PDF provides hyperlinks to the e-mail address of the applicants and the project planners, allowing interested parties to ask questions directly to the key players involved.

The Planning Division redesigned the Major Projects List for July 2014 to improve the usefulness, readability and convenience for the many audiences that use the list.

Questions may be directed to the Community Development Department, 925-0951 ext. 244.
