

NEWS RELEASE August 1, 2013

Residential Collections Day Change In October

On October 21, 2013, trash collection days for some City residents will change. Prior to the change occurring, residents will receive several notices notifying them of the change. Notices will include a new color-coded collection map, and a new collection calendar will be sent with utility bills. Affected residents will also receive door hangers during the month of October.

Residents can find out if their trash collection day is changing by visiting the City's website at www.cityofsantamaria.org. It's easy - click on the "Trash Collection Day Change" icon and then enter the address to look up an address, or zoom in using the map.

By making these changes, trash collection routes will become more efficient. In addition, this will improve customer service response time, reduce wear and tear on City vehicles, and extend the life of equipment.

Questions may be directed to the Utilities Department at 925-0951 extension 7270.
